

DON'T LET YOUR PARENTS MOVE AWAY FOR RETIREMENT **MEADOWS OF WILDWOOD OFFERS THE ACTIVE LIFESTYLE THEY WANT LOCALLY**

One of the most difficult times for a family is when Mom and Dad decide to move away to a retirement haven such as Phoenix or Florida. While it is an exciting time for them, the remaining family feels a loss. Your children miss Grandma and Grandpa...family get-togethers feel lacking...the family structure often faces a painful stress.

Meadows of Wildwood is the answer to that dilemma. With its active lifestyle designed specifically for those 55 and over, your parents can have the life they want without sacrificing the family that needs them!

It begins with beautiful, low-maintenance detached villa homes--priced surprisingly from just the low \$290s--that offer just the right amount of space and convenience. Meadows of Wildwood takes care of the exterior maintenance, lawn care, snow removal and more, while your parents enjoy the walking trails, the lake, activities at the elegant clubhouse, the YMCA next door, the new theatre, and more.

The location, in Wildwood's popular Town Center, offers every convenience right there in the community...shopping, banking, groceries, the coffee shop, post office, businesses, salons...all just a minute from home.

The St. Louis Community College is right next door for those who wish to attend classes or events.

Our homes have been designed to accommodate changing health needs as well, for those wishing to stay for a lifetime. Meadows of Wildwood provides a complete array of life services as they become necessary, so your parents will never have to face the challenges of moving ever again.

Currently, the builders are offering savings of up to \$85,000 for a limited time. There are still a few lakeside lots available as well.
